STREET STORIES

Frank Scivally has been confined to his bed at his home since Sunday and is threatened with pneumonia.

Cotton was selling here today from 11.25 to 11.50, with quite a lot offered. Seed was firm at \$34 per ton.

A slight rain fell in this vicinity last night, which only served as a preventive of dust on the streets of the city today.

With squirrels plentiful in the country tree tops, and with a bumper pecan crop, the youth of the rural district has but little time to worry these pleasant days.

In the city court this morning the mayor had to pass judgment on several who fell into the police drag net last night, among them several who have never realized that the traffic laws now in force are not one huge bunch of jokes.

Dr. Dow Taylor of Woodford was in the city today on business. Dr. Taylor is the owner of a fine herd of Jersey cattle, and will have an opportunity of showing some fine animals at the county fair next year. The Woodford community is prosperous according to Dr. Taylor.

"Bill" Aughtry of the Winchester repeating arms company and J. B. Sprague made arrangements today to spend the early morning hours tomorrow at the city lake with the ducks. Both are crack shots and should return with good bags.

Those who failed to see "The Melting Pot" at the Majestic last night, will be given another opportunity this afternoon and tonight. To miss seeing this picture would be a misfortune indeed, such work elevates the movie stage, and it is regrettable that more are not produced.

An Experienced Mother.

Women who have answered the high calling are anxious to help and influence the expectant mother, so she can avoid suffering. For many years experienced mothers have relied upon Mother's Friend, obtained at any drug store, because this splendid external remedy adds to the physical comfort of every expectant mother. It makes the muscles flexible and takes away all strain on the cords and ligaments and actually relieves the tension of nerves and tendons, that so often cause nausea, morning sickness and twitching of the limbs. Mother's Friend is highly recommended.

Regulate the bowels when they fail to move properly. HERBINE is an admirable bowel regulator. It helps the liver and stomach and restores a fine feeling of strength and buoyancy. Price 50c. Sold by Bonmar Drug Co.

REVIVAL AT CHRISTIAN CHURCH

Was Well Attended Again Last Night—Fine Sermon and Music.

In spite of the stormy weather, a large congregation attended the First Christian church last night, where a revival is in progress. Rev. T. A. Wickizer, the evangelist, preached a very forceful sermon. He is aggressive in his manner of speech and draws beautiful and impressive illustrations.

Rev. Clifford B. James, in charge of the music, was at his best last night, and was supported by a large chorus. It is the intention to add to the chorus from time to time, until at least 100 are on the platform.

Following the regular service Tuesday night, the pastor, J. W. Burns, baptized two new converts. From the interest that is being manifested no doubt several new members will be added during the meeting.

A canvass of the city is being made by those in charge of the meeting with a view of increasing the attendance at the meeting, also to secure new members of the Sunday school and Christian Endeavor. The church is well organized in its effort to enlist interest in the church. Following the service last night, the evangelist held an after-meeting for the purpose of completing his organization for personal work. About fifty persons responded to the call to do personal work during the meeting, in the interest of the church.

In his sermon last night, Rev. Wickizer emphasized the fact that the Bible is the word of God and contains the plan of salvation. That there can be no doubt as to the proper plan of redemption and that faith comes by hearing and reading the Bible. The speaker contended that ignorance of the Bible caused many people to remain out of church. Also that a failure on the part of church people to study and make use of the

Bible hindered their usefulness as workers in the Master's vineyard. He stated that aside from other evidences of the divinity of Christ the Bible furnishes positive evidence that Jesus is the son of God and the saviour of the world. That skeptics, by making a complete study of the Bible, are readily convinced of its truth and veracity.

How to Prevent Croup.

It may be a surprise to you to learn that in many cases croup can be prevented. Mrs. H. M. Johns, Elida, Ohio, relates her experience as follows: "My little boys are subject to croup. During the past winter I kept a bottle of Chamberlain's Cough Remedy in the house, and when he began having that croupy cough, I would give him one or two doses of it, and it would break the attack. I like it better for children than any other cough medicine because children take it willingly, and it is safe and reliable." Obtainable everywhere.

Distress in the Stomach

There are many people who have a distress in the stomach after meals. It is due to indigestion and easily remedied by taking one of Chamberlain's Tablets after meals. Mrs. Henry Padgham, Victor, N. Y., writes: "For some time I was troubled with headache and distress in my stomach after eating, also with constipation. About six months ago I began taking Chamberlain's Tablets. They regulated the action of my bowels and the headache and other annoyances ceased in a short time." Obtainable everywhere.

Pawnee Bill's Father Dies

Pawnee, Okla., Nov. 10.—Newton W. Little, age 87, who died here, was the father of "Pawnee Bill," and one of the oldest white settlers in Pawnee county. For many years he was in the government service among the Pawnee Indians. He brought into Oklahoma the first steam flour mill and transported the machinery from Wichita, Kansas. He leaves a wife and four children.

HEALTH AND HAPPINESS DEPEND UPON YOUR LIVER

That sluggish liver with its sluggish flow of bile is what makes the world look so tawdry at times. Dr. King's New Life Pills go straight to the root of the difficulty by waking up the action of the liver and increasing the bile. Dr. King's New Life Pills cause the bowels to act more freely and drive away those "moody days." 25c a bottle.

Murder Trial Stars.

Antlers, Okla., Nov. 10.—Edward Hembree, one of three men alleged to have been the bandits who murdered Pat Hearn, Frisco railroad station agent here on the night of September 15 for the purpose of robbery, was placed on trial Wednesday. Much difficulty was experienced in securing a jury. After being beaten insensible at the railway station, Hearn was placed on the tracks but regained consciousness in time to crawl to safety when a train approached. He died several days later. Earl Everidge and Floyd Atkins are also charged with the crime.

EVERY HOME NEEDS A FAITHFUL COUGH AND COLD REMEDY

When seasons change and colds appear—when you first detect a cold after sitting next to one who has sneezed, then it is that a tried and tested remedy should be faithfully used. "I never wrote a testimonial before, but I know positively that for myself and family, Dr. King's New Discovery is the best cough remedy we ever used and we have tried them all." 50c and \$1.00.

Will Break All Records.

The Carter County Odd Fellows' association at its meeting in Ardmore on November 30, will hold the record for the assembling of high and talented Odd Fellows. There will be present at that meeting the grand sire of the world, the grand master of the state, several past grand masters of the state, a past grand master of the state of Tennessee, and several past grand representatives of the sovereign grand lodge. If any county or district association in the state or in the United States can beat that for an assemblage it is not known here, and besides this, the leading lady singers of the city will contribute with song to the big meeting. A great fraternal time is expected.
